# PRE ASSEMBLY INTRODUCTION

We understand building ready-to-assemble furniture can be a challenging experience for some. To help avoid confusion, we have provided some helpful tips that may speed up the process.

### Teamwork

ALWAYS have at least two people to help with transporting and assembling the product to avoid potential injury and/or damage.

### Suitable Location

Assembling near the area of the intended location is highly recommended.

### Sufficient Space

Make sure you have enough space to move around during the assembly.

### Avoid Scratches

Use cardboard, blankets or a carpeted area while assembling furniture to prevent scratches.

### Flat Surface

Make sure the furniture rests on a flat and level surface with each leg evenly touching the floor.

- Please keep instructions for future reference.
- Check the quantity and irregularity of parts and hardware before you start.
